

I shall long remember this ~~unique~~ evening
 and just as I shall long remember you individually
 these memories will keep as I travel
 down the ~~time~~ years toward sunset.

You will always be welcome at my home
 which I call my "home Don't stop" and I shall
 hope to see you there often.

And now another thank you for all you
 have done for me tonight - thank you
 for your continued friendship all through
 the years. ~~God bless you!!~~

Not good bye and farewells
~~But I shall see you again~~
 but all revoir
